

MaculaPlex® 1

Micronutrient complex for the maintenance of normal vision

PRODUCT DESCRIPTION

Give your eyes a moment

Colours, shapes and impressions not only enrich our lives, they also provide us with important information about the world in which we live. For us humans, the eyes are the most important sensory organ. We perceive 80% of our impressions with our eyes and thus create an accurate image of our outside world. However, as we age, reading, watching television or even just recognising faces can become increasingly difficult. This is not only due to the normal aging process, but also to so-called 'free radicals', which can be created by UV rays, for example, and lead to oxidative stress. For this reason, it is essential to support and maintain our vision in the best possible way. Biogena MaculaPlex® was developed with this in mind and contains micronutrients that support the eyes and can maintain vision. It consists of two perfectly matched individual preparations and is based on the latest scientific findings: MaculaPlex® 1 contains a combination of micronutrients with an antioxidant effect, which are complemented by the omega-3 fatty acids contained in MaculaPlex® 2, and can thus make a comprehensive contribution to maintaining normal vision.

- Macula Complex with branded raw materials
- OmniXan® RR-ZEAXANTHIN & Lutemax® Free Lutein
- With active ubiquinol (KANEKA UBIQUINOL™)
- To support the eyes and vision
- With the omega-3 fatty acid DHA

POSSIBLE USES

To maintain normal eyesight, especially in old age

To protect against oxidative stress through antioxidant-active micronutrients

INGREDIENTS	PER DAILY DOSE (1 CAPSULE)	% NRV *
Vitamins:		
Vitamin C	140 mg	175
Vitamin E (mg alpha-TE)	24 mg	200
Vitamin A (µg RE)	1500 mcg	188
<i>from: Retinyl acetate</i>	800 mcg	100
<i>from: Beta-carotene</i>	700 mcg	-
Vitamin D3	25 mcg	500
Trace elements:		
Zinc	10 mg	100
Selenium	55 mcg	100
Plant substances:		
Lutein	20 mg	-
Beta-carotene	4.2 mg	-
Zeaxanthin	2 mg	-
Astaxanthin	0.5 mg	-
Other substances:		
Ubiquinol (KANEKA Ubiquinol™)	10 mg	-

* % of the reference quantity according to EU Regulation 1169/2011.

INGREDIENTS

Calcium-L-ascorbate, hydroxypropyl methyl cellulose (capsule shell), marigold extract (contains lutein and zeaxanthin), D-alpha tocopheryl acetate, zinc picolinate, bulking agent: powdered cellulose, ubiquinol (contains **soybean**), beta-carotene, paprika extract (contains zeaxanthin), astaxanthin-rich oleoresin from Haematococcus pluvialis algae, sodium selenite, cholecalciferol, retinyl acetate.

NOTES

This product should not be consumed by infants and children under 10 years of age, nor when other Astaxanthin ester-containing supplements are consumed on the same day.

Food supplement: The recommended daily dosage should not be exceeded. Not a substitute for a balanced and varied diet and a healthy lifestyle.

Not an organic product according to VO (EU) 2018/848.

Suitable for diabetics.
