

Magnesium 150 mg

Four magnesium compounds, perfectly coordinated: For better absorption

PRODUCT DESCRIPTION

Magnesium is involved in over 300 enzyme reactions and plays a central role in your body. It contributes to normal muscle and nervous system function, normal bones and teeth, and electrolyte balance. Especially during demanding periods, such as intense physical activity or a stressful everyday life, a targeted magnesium supplement can be useful to support your daily intake.

- With 150 mg magnesium per capsule – without unnecessary additives
- Four perfectly balanced magnesium compounds – for your magnesium supply
- Magnesium supports your muscles and nerves* – for your well-being
- Perfect for you if you have an active lifestyle or are going through stressful periods
- Easy and suitable for everyday use: simply take 1–2 capsules daily with plenty of liquid between meals.

POSSIBLE USES

Magnesium 150 contains four high-quality magnesium compounds that provide a comprehensive supply. It has the following benefits:

- *Magnesium is important for normal muscle function – both during tension and relaxation
- *Magnesium supports normal nervous system and mental function
- *Magnesium helps reduce tiredness and fatigue
- *Magnesium supports the body's electrolyte balance
- *Magnesium helps maintain normal bones and teeth
