BIOGENA

ESSENTIALS

MSM gel

Cooling gel with the sulphurous natural substance MSM, combined with arnica, menthol and camphor oil

PRODUCT DESCRIPTION

Soothing gel for application to the skin

With the sulfur-containing natural substance MSM (methylsulfonylmethane) as well as arnica, camphor and menthol for the care, cooling and relaxation of the skin, especially in the area of joints and muscles. The plant-essential substances are quickly absorbed by the skin and create a cooling effect. MSM is a natural sulphur compound that is also found in food. The cooling gel is especially recommended for external use after heavy physical exertion in everyday life or sports.

- For skin care, cooling & relaxation
- For application in the muscle & joint area
- After physical exertion (everyday life / sport)
- Easily absorbed and cooling
- Non-greasy & high quality
