ESSENTIALS

Thyrocare® Iodine Complex

Accompanies you when your needs are increased – for a well-supported thyroid in everyday life and special life phases.

PRODUCT DESCRIPTION

When your thyroid deserves a little more attention, **Thyrocare Iodine Complex** is by your side. The finely tuned combination of iodine from kelp and potassium iodide contributes to normal thyroid function and the body's own hormone production* – exactly when it matters most.

The formula is complemented by selenium, L-tyrosine, and vitamins A, B2, and B6. This creates a well-thought-out nutrient complex that supports your needs-based supply – for instance, during times of increased demand or when you want to keep a conscious eye on your nutrient intake.

We focus on quality, clarity, and a composition aligned with your needs.

- Targeted thyroid support with iodine and selenium*
- Suitable for teenagers as well as during pregnancy & breastfeeding
- With iodine from kelp and potassium iodide, complemented by selenium & vitamins
- Iodine contributes to normal thyroid function & hormone production*
