

Zinc citrate 30

High-dose zinc citrate in a highly bioavailable organic form

PRODUCT DESCRIPTION

Besides iron, zinc is the second most abundant trace element in the body and is required for numerous biochemical processes. With 30 mg zinc per capsule in the easily bioavailable organic citrate form, Biogena Zinkcitrat 30 is suitable for covering the special zinc requirement and can contribute to a sustainable micronutrient supply as an additional component of a balanced diet.

1 capsule every 2nd day with plenty of liquid, preferably in the evening and outside of meals. It is recommended to limit the intake to a few weeks/months.

- 30 mg zinc per capsule (intake recommended every 2nd day)
- To maintain the function of the normal immune system
- To maintain normal skin, hair and nails
- 100 % vegan

POSSIBLE USES

To maintain the function of the normal immune system

To protect the cells from oxidative stress
